For people who care for people with mental ill-health

Our aim is to work alongside everyone involved to reduce pressure, share responsibilities and ease worries.

- ✓ A personal service to suit the carer (phone, online or in person).
- ✓ Support carers to review their situation and make helpful plans.
- ✓ Ensure carers have all the information they need.
- ✓ Facilitate a 'Network Meeting' that allows support to be maximised.

This service will be available to people who are experiencing financial insecurity.
